37,500 BOOKS mailed to children ages 0-5 across Allegan County in 2019 through the Imagination Library program.

SAVED $14,360 + on prescriptions through FamilyWize in 2019.

*Charlie, an early-elementary age boy, challenged with a mental health disorder, was struggling at school due to behavioral issues. These problems were resulting in suspensions, removals from instruction, and even causing significant safety concerns when Charlie would leave the school building or bus without permission. Through collaborative intervention, The Arc of Allegan County was able to conduct assessments, offer resources, and develop strategies that helped reduce the occurrence of negative behavior, improve support services, and repair the strained relationship between the family and school staff. These positive changes have given Charlie the ability to communicate his needs and helped get him back on track as he progresses through his primary and secondary education. Program funding from Allegan County United Way helped The Arc of Allegan make this possible.

$14,360 + amount saved by 226 people in Allegan County on prescriptions through FamilyWize in 2019.

*Sarah was at a loss, crying at her dining room table. She couldn’t afford all the prescriptions needed to treat her diabetes every month and would reuse her insulin needles, not take as much insulin as was prescribed, and skip doses on other medications. After hearing about the FamilyWize prescription discount program through a United Way presentation, she downloaded the app right away. The savings were so significant, she was able to head straight to her pharmacy and pick up all she needed for the month. She has not had to skip a dose of her medication since.
